Robert Brown Biography

Robert Brown is a freelance 2D Animator / Director working in both traditional hand-drawn and digital animation. He has 30 years experience working in the Animation Industry and has animated on a variety of productions from pre-school children's series to full length feature films as well as his own personal short films.

He animated on the legendary Hollywood director Chuck Jones's film 'Peter and the Wolf', which won an Emmy Award in 1996.

For more information about his work please visit his website.
